Routine

## NARRATIVE

Inspected:    28 bears                      8 wolves                      9 elk  
                  8 fallow deer                      4 reindeer                      2 buffalo  
                  3 sheep                                  3 goats

Accompanied on inspection by Casey Anderson and Christine Koivunen, Curators, and Dr. Ray Flynn, USDA, APHIS, AC, Western Region, SACS.

All previously identified non-compliances have been corrected.

### **CATEGORY III: Non-compliant item(s) identified this inspection Veterinary Care, section 2.40 (a) and (b)**

--The written Program of Veterinary Care is not current. It is dated 5-7-98. The written Program of Veterinary Care must be reviewed at least annually and should be initialed and dated at the time of the review by both the Attending Veterinarian and the facility representative. Also, the written Program of Veterinary Care has not been updated to show the veterinary care program for the 8 wolves and 2 buffalo which have been added to the exhibit since last year. As new species are added to the exhibit, the written program must be updated. It was reported that the written Program of Veterinary Care updates were in progress with the Attending Veterinarian.

**To be corrected by:** 6-23-99
